(217) 936-2585 or (217) 257-6696

EXPERIENCE MATTERS

EFFICIENCY AND FISCAL RESPONSIBILITY

*I am Jon McCoy.*

***Today, I am announcing my candidacy for Sheriff of Adams County for the 2010 election.***

I have lived in Adams County for over 40 years, and as such I understand the importance of family, roots and community. My family is one that has always been dedicated to public service, and I proudly follow in that honorable tradition. I live in Mendon, with my wife Dawn, Adams County is where we raised two sons. Shannon is a Marine Corp Veteran and Jason is currently serving in the United States Air Force. As a fellow resident of Adams County, I understand county concerns and am dedicated to helping solve them.

My passion has been Law Enforcement for 28 years, during which time I devoted myself to making our county a safer place by serving as Chief Deputy for 17 ½ years. I also served as Lead Investigator with court-room credibility on major cases. During my time with the Adams County Sheriff's office I assisted in **Developing** the Adams County 911 Services Program, Drug Task Force, DARE, Sexual Offenders List, Court House Security System, S.W.A.P Sheriffs Work Alternative Program, Special Deputy program while participating in County's Neighborhood Watch, Crime Stoppers and the 1st to bring **Electronic Technology** to jail processing, office computers and filing processing .

I take Law Enforcement seriously, and as such, continued to pursue education, receiving honors for my achievements. I graduated of the Federal Bureau of Investigations National Academy, National Sheriffs Institute both from Quantico VA & Police Training Institute of University of Illinois in Champaign Il and graduated from several distinguished management training programs throughout the United States. I am also affiliated with several community organizations including FBI National Association, Federal Order of Police, National Rifle Association, Lions Club of Mendon and Church Affiliations.

With a strong ethical and moral background, I have the character and courage to deliver the changes that Adams County needs. In trying, uncertain times such as these experience matters and I have that experience.
